

PROGRAM SCHEDULE

Basic Polyurethane Chemistry

Vahid Sendjarevic, Troy Polymers Inc.

Fundamentals of Adhesion Part I *(not available)*

David Dillard, Virginia Tech

Fundamentals of Adhesion Part II

Dr. James W. Rawlins, The University of Southern Mississippi

Physical Testing of Adhesives and Sealants *(not available)*

David Dillard, Virginia Tech

Structure/Property Relations of Polyurethane Adhesives & Sealants

Dr. James W. Rawlins, The University of Southern Mississippi

Improving Efficiency and Reliability in Two-Component Mixing and Dispensing of Polyurethanes

Craig Blum, Nordson EFD (formerly TAH Industries)

Polyurethane Hot Melts

Frank Rossitto, Bostik, Inc.

Designing 1K-2K Polyurethane Systems for Construction Application

Steve Lontchar, Bostik, Inc.

Polyurethane Dispersions for Adhesive Applications

Jeffrey Dormish, Bayer Material Science L.L.C.

Introduction to Polyurethane Sealants

Jay Johnston, Bayer Material Science L.L.C.

Foam Sealant Global Markets, Key Applications & Advancements in Product Positioning and Regulatory Standards and Codes

*Dr. Tom Fishback and Julie Shoemaker, Fomo Products, Inc.
Bob Braun, B.G.Braun Building Enclosure Consulting*

Polyurethane Market Overview

Amy Maxin, BayerMaterials Science
