## ASC 2010 Fall EXPO

---

**MONDAY, OCTOBER 4**

4:00 – 7:00 P.M.

**Reception**

6:00 – 7:00 P.M.

**ASC BingoBuzz  
is back!**

Win a spring convention registration.  
Pick up your BingoBuzz card  
for details.

**Northern Kentucky Convention Center**

**Ballroom BC**

*accessible via the skywalk from the  
Cincinnati Marriott at RiverCenter*

Another marketing event brought to you by:

THE **ADHESIVE** AND **SEALANT** COUNCIL, INC.

SECURING THE FUTURE®

**WACKER**

## MULTIPLE SOLUTIONS. MORE EXPERTISE. ONE SUPPLIER WORLDWIDE.

WACKER is a global leader providing a comprehensive portfolio of caulk, sealant and adhesive solutions to meet a variety of diverse application and performance needs.

- Hybrids – GENIOSIL® N finished sealant and adhesive materials provide paintable, silicone-type rubber performance, are environmentally friendly and have extended shelf lives. High purity GENIOSIL® STP-E pre-polymers offer a diverse range of physical performances and efficient production cycle times.
- Silicone Sealants – ELASTOSIL® silicones, available in acid and neutral cure RTV-1 technologies, have excellent adhesion to a variety of substrates, offer exceptional weatherability and withstand thermal extremes.
- Dispersions – VINNAPAS® and VINNOL® dispersions provide environmentally friendly, low VOC alternative solutions to vinyl acrylics and pure acrylics for a variety of caulks and sealants.

Ask us. Speak with our technical experts at the ASC 2010 Fall Conference, booths #202 and #204.

### BOOTH 205

#### *ASC Member Company* **Accumetric, LLC**

Contact: Gregory Rokoff  
Vice President, Domestic Sales  
350 Ring Road  
Elizabethtown, KY 42701-9318  
Phone: (270) 769-3388, x426  
Fax: (270) 765-2412  
Email: grokoff@accumetricinc.com  
Accumetric, LLC markets an extensive line of sealants and adhesives products under the BOSS label serving many industrial markets. We manufacture neutral cure silicone sealants, firestop caulks, silicone compounds, MS polymer and latex sealants. In addition, we custom/contract package one and two component adhesives, sealants and other chemicals.

### BOOTH 203

#### *ASC Member Company* **Albion Engineering Company**

Contact: Mark Schneider  
President  
1250 North Church Street  
Moorestown, NJ 08057-1102  
Phone: (856) 235-6688, x13  
Fax: (856) 235-9460  
Email: mark@albioneng.com  
Albion Engineering Company provides Dispensing Solutions in the form of hand held tools. Our strength is in our engineering and knowledge. We develop unique application tools for unique adhesive and sealant applications. We are looking for the chemist, the product manager, the business manager who has a unique application, a problem with current technology, or a new product which needs the right tool. Our first dispensing tool challenge was in 1929 where we patented the first smooth rod driven caulking gun. Since that time we have solved a number or unique and simple applications.

### BOOTH 400 S

#### *ASC Member Company* **Arizona Chemical Company**

Contact: John Schultz  
Sales Manager, Resins  
4600 Touchton Road East, Suite 1500  
Jacksonville, FL 32246  
Phone: (904) 928-8740  
Fax: (904) 928-8769  
Email: john.schultz@azchem.com  
Arizona Chemical, headquartered in Jacksonville, FL, has several manufacturing plants in the U.S. and in Europe. The company is a leading global supplier of renewable resins to the adhesives market. Products include rosin-based resins,

modified terpenes, terpene phenol tackifiers, hot-melt polyamides, pure monomer resins (AMS), and resin dispersions. Arizona Chemical products are used in hot-melt, solvent-borne and waterborne adhesives. Arizona Chemical has R&D capabilities and a network of sales offices throughout the world with more than 1,100 people.

### BOOTHS 409 & 411

#### *ASC Member Company* **Ashland Distribution**

Contact: Tony Gutierrez  
Industry Manager for Specialties  
5200 Blazer Parkway  
Dublin, OH 43017  
Phone: (614) 790-6879  
Fax: (614) 790-6218  
Email: tgutierrez@ashland.com  
Stop by Ashland Distribution's booth to meet your dedicated team of technical support representatives. From resins to additives, from solvents to custom blends, we can help you create robust and sustainable formulations that will enable your company to succeed. Ashland Distribution has the products you want, the quantities you need, delivered when you need them. Call us today! Formulation Assistance, Pricing and Availability: 1-800-531-7106 (option 3).

### BOOTH 110 S **ASI magazine**

Contact: Susan Sutton  
Editor-in-Chief, Integrated Media  
6075 B Glick Road  
Powell, OH 43065  
Phone: (330) 336-4098  
Fax: (614) 760-5922  
Email: suttons@bnpmedia.com  
*Adhesives & Sealants Industry* offers useful information for global manufacturers, formulators and end users of adhesives and sealants, pressure sensitives and other adhesive/sealant products. Providing solutions to manage processing and manufacturing problems, *ASI* editorial targets readers involved with production, formulation, engineering, supervision and management. Emphasis is also placed on environmental regulation, legislative concerns and global trade, as well as Green products and initiatives. Now available in print and digital versions, plus weekly *ASI E-News*.

## Exhibitor Descriptions

### **BOOTH 308**

#### **BASF Corporation**

Contact: Lenora Kline

Product Manager

100 Campus Drive – S-4564

Florham Park, NJ 07932

Phone: (973) 245-6172

Fax: (973) 978-2749

Email: lenora.kline@basf.com

BASF offers the broadest line of polyisobutylenes for pressure sensitive, hot-melt and solvent-based adhesives. Oppanol® PIBs provide an excellent barrier against moisture, great adhesion and tack to many surfaces, and cold flow for self-healing features. To learn more, please visit [www2.basf.us/pib\\_derivatives](http://www2.basf.us/pib_derivatives).

### **BOOTH 403**

#### **Brighton Technologies Group**

Contact: Jay Wilford

Business Development Manager

1006 Kieley Place

Cincinnati, OH 45217

Phone: (513) 469-1800

Email: jwilford@btgnow.com

Brighton Technologies Group (BTG) is proud to announce the launch of the Surface Analyst™, the first untethered, hand-held, computer driven instrument capable of analyzing surface quality prior to adhesive bonding or coating in production environments. The Surface Analyst™ delivers a GO/NO GO signal for bonding/coating technicians as well as contact angles and a range of uploadable data for quality and research engineers. The Surface Analyst™ is a culmination of three years development driven by BTG's deep expertise in adhesion, coatings, advanced materials and strong support of the DOD, Lockheed-Martin and The Boeing Company. BTG is a leader in the development of novel technologies and custom research and development serving aerospace, defense, medical device, adhesives and other industries.

### **BOOTH 208 S**

#### **BYK Additives and Instruments**

Contact: Jill St. John

Marketing Services Manager

524 South Cherry Street

Wallingford, CT 06492

Phone: (203) 500-8140

Fax: (203) 284-9158

Email: Jill.StJohn@altana.com

BYK is a leading supplier of specialty additives for coatings, inks and adhesives, which are used in minute quantities to optimize production and application processes, and visibly improve the qualities of the finished products.

### **BOOTH 112 S**

*ASC Member Company*

#### **Celanese Emulsion Polymers**

Contact: David Trueba

Marketing Manager, Adhesives & Building Materials

1601 West LBJ Freeway

Dallas, TX 75234

Phone: (972) 443-4400

Fax: (972) 443-4945

Email: david.trueba@celanese.com

Celanese Emulsion Polymers is a global leader in emulsion technology offering world-class product lines, sophisticated technical solutions and a commitment to excellence in the adhesives and building and construction industries. Find out how Celanese Emulsions can help you with your latest challenge! [www.Celanese-Emulsions.com](http://www.Celanese-Emulsions.com) or [emulsionstechservice@celanese.com](mailto:emulsionstechservice@celanese.com).

### **BOOTH 209**

*ASC Member Company*

#### **Chemsultants International**

Contact: Joseph Mausar

Director, Marketing & Regulatory Affairs

9079 Tyler Boulevard

Mentor, OH 44060

Phone: (440) 974-3080

Fax: (440) 974-3081

Email: jmausar@chemsultants.com

Chemsultants International, Inc. and ChemInstruments Inc. provide a complete range of adhesive test equipment, product testing and development services, contract research and development services, and contract/toll pilot coating services. The Chemsultants International family of companies specializes in providing superior products and services all related to adhesives, coatings, sealants, packaging materials and specialty inks.

### **Booth 104**

*ASC Member*

#### **Chevron Phillips Chemical Company**

Contact: Marty Utterback

Marketing Director, Specialty Chemicals

10001 Six Pines Drive, 3038B

The Woodlands, TX 77380

Phone: (832) 813-4900

Fax: (832) 813-1859

Email: [UTTERM@cpchem.com](mailto:UTTERM@cpchem.com)

Chevron Phillips Chemical Company offers a range of commercial organosulfur compounds and reactive intermediates which serve as building blocks and additives for formulators. Our developmental products include specialty thiols, functional polysulfides and polythiols derived from natural seed oils. Stop by our exhibit, or contact us at (832) 813-4862 for additional information.

# An **Easy** Reminder

Finding the right polymer material provider has never been easier. Goldsmith & Eggleton has been a premier producer and distributor of specialty rubber polymers for the adhesives and sealants industry for more than 40 years.

**Look to G&E for:**

- Butyl
- Bromobutyl
- Chlorobutyl
- HIR
- Styrenic Block Copolymers
- Ethylene Propylene Copolymers
- Polyolefin Elastomers
- Prime Low Molecular Weight Polyisobutylene

G&E offers a wide distribution network and are constantly bringing new polymers to the marketplace. Consistency of supply, high-value materials and customer support excellence – it's why our customers have been remembering us since 1968.

## Exhibitor Descriptions

### BOOTH 402

#### *ASC Member Company* **Cray Valley USA LLC**

Contact: Dallam Blandy  
Sales Director, Americas  
468 Thomas More Way  
Exton, PA 19341  
Phone: (518) 937-6079  
Fax: (610) 363-1498  
Email: ted.blandy@crayvalleyus.com  
Cray Valley engineers Wingtack® and Norsolene® hydrocarbon resins. The Norsolene aromatic S-series and aliphatic/modified aromatic A-series resins are suited for zero-VOC hot melt and PSAs. The aliphatic and aromatically-modified Wingtack resins are ideal for tackification of thermoplastic elastomers (TPE) such as styrenic block polymers (SIS, SBS and SIBS) and EVA.

### BOOTH 309

#### *ASC Member Company* **Dow Chemical Company**

Contact: Kelly Cone  
Global Communications Manager  
2040 Dow Center  
Midland, MI 48674  
Phone: (989) 638-2663  
Fax: (989) 636-3495  
Email: KSCone@dow.com  
As a leading solutions supplier to the adhesives and sealants industry, Dow is dedicated to delivering new and differentiated products to meet the demands of the industry today and into the future. Stop by booth 309 to learn about our products, including: AFFINITY™ GA, ECHELON™, INFUSE™, RENUVA™, and RHOPLEX™.

### BOOTH 408

#### **DSM NeoResins+**

Contact: Philip Souza  
Industry Manager, Adhesive  
730 Main Street  
Wilmington, MA 01887  
Phone: (978) 661-7384  
Fax: (978) 657-7978  
Email: philip.souza@dsm.com  
DSM NeoResins+ is exhibiting its line of adhesive-grade urethane and acrylic resins including its newest acrylic emulsion NeoCryl BT-207. This product displays a high and stable viscosity in a pH range of 8.0–8.6, offering high wet tack and enhanced viscosity control in formulated adhesive systems applied in this pH range, such as bottle labeling adhesives. DSM NeoResins+ polymers can be formulated to waterborne adhesives for bonding applications in automotive interior trim, woodworking, packaging, consumer and footwear markets.

Trilene EPDM: A family of versatile viscous, low molecular weight liquid EPDM Polymers (ethylene-propylene non-conjugated diene terpolymers). Trilene are polymerized randomly to produce elastomers with stable, saturated hydrocarbon backbones. Ideal for ozone, moisture, UV and oxygen resistance, great tack, high temperature and low temperature resistance and ideal for new environmental VOC regulations.

### **BOOTH 407** **Milin Environmental**

Contact: Paul Mitchell  
Logistics Controller  
P.O. Box 116  
138 First Avenue West  
Simcoe Ontario N3Y 4K8 CANADA  
Phone: (519) 426-0110  
Fax: (519) 426-0230  
Email: [pmitchell@milin.ca](mailto:pmitchell@milin.ca)

Milin Environmental specializes in providing a range of proven reclaim rubber materials, ideal for the adhesive and sealant markets, that can cut production costs, improve processing, all whilst helping to protect the environment, by sourcing raw materials that would otherwise dispose into landfill.

### **BOOTH 200** *ASC Member Company* **Nordson EFD LLC**

Contact: Craig Blum  
Business Manager, Adhesive Packaging Systems  
8 Applegate Drive  
Robbinsville, NJ 08691-2342

Fax: (609) 259-0957  
Email: [Craig.blum@nordsonefd.com](mailto:Craig.blum@nordsonefd.com)

TAH Industries (now known as Nordson EFD LLC) is a world-leading manufacturer of two-part adhesive packaging and dispensing solutions for industrial, automotive, construction, medical and dental applications. Products on display include: two part cartridges, side-by-side micro-dispensing syringes, square mixers and disposable spray mixers. Also on display, Nordson EFD's Optimum dispensing tips, syringes and cartridges.

### **BOOTH 300** *ASC Member Company* **Omya**

Contact: Mark Gillespie  
Director of Sales—PCA-North America  
9987 Carver Road, Suite 300  
Cincinnati, OH 45242  
Phone: (513) 387-4625  
Fax: (513) 387-4693  
Email: [mark.gillespie@omya.com](mailto:mark.gillespie@omya.com)  
Omya Inc. is one of the world's leading producers of calcium carbonate-based functional additives for adhesives and sealants. We have six production sites covering North America, with a sales and technical support staff focused on the specific needs of our customers. Stop by our booth or visit [www.omya-na.com](http://www.omya-na.com).

### **BOOTH 310** **Palmer Holland, Inc.**

Contact: Ron Zmich  
Vice President, Marketing  
24950 Country Club Boulevard, Suite 400  
North Olmsted, OH 44070  
Phone: (440) 686-2300  
Fax: (440) 686-2180  
Email: [kanderson@palmerholland.com](mailto:kanderson@palmerholland.com)  
Palmer Holland is a specialty chemical distributor dedicated to helping businesses succeed in the adhesives and sealants industries. We are committed to consistently exceeding the expectations of our customers and partners. Our comprehensive product line allows us to provide complete solutions for your most challenging adhesive and sealant applications.

### **BOOTH 106** **Poly-clip System**

Contact: Tom Mysker  
National Manager Application Engineering  
1000 Tower Road  
Mundelein, IL 60060  
Phone: (847) 949-2800, x3624  
Fax: (847) 949-2815  
Email: [tmysker@polyclip-usa.com](mailto:tmysker@polyclip-usa.com)  
Poly-clip introduces a low-cost alternative to expensive cans and preformed cartridges—the Poly-clip foil-pack tube for lubricants, adhesives and sealants. Poly-clip's foil-packs cost less, take up less storage space and offer consumers ecological advantages.

WACKER POLYMERS is the global leader in VAE dispersions sold into adhesive applications. Introducing the next generation: VINNAPAS® EP1400 & VINNAPAS® EF539. VINNAPAS® dispersions provide excellent adhesion, while delivering outstanding machining, high wet tack and fast setting speed. These benefits make VINNAPAS® dispersions the perfect choice for formulated adhesives used in packaging and laminating.

**Sylvalite® RE100L vs. Tyrannosaurus Rex**

**Always bet on the renewable resource.**

There is a reason that fossils are fossils. They become extinct when they can no longer compete. ASTM tests show that Sylvalite® RE100L is 94% comprised of bio-based renewable resources. For you, that means great availability and being part of the solution. Arizona Chemical – the natural choice for adhesive raw materials.

For complete ASTM test results and more information go to: [www.arizonachemical.com](http://www.arizonachemical.com).

Reliable • Resourceful • Responsive
