City/State/Zip Code _____

Telephone _____ **E-mail** _____

There are four key issues that will be discussed. Each group will discuss one of the four topic areas listed. Designate 1, 2, 3 or 4 in the order of your topic preference below:

- Rising Costs***

Discussion on effective ways of coping with rising costs for transportation/freight, raw materials, energy and human resources issues, such as insurance costs.

- Inventory and Supply Management***

Discussion on cost-efficient stocking and warehousing planning, finding and acquiring raw materials, preparing for natural disasters and teaming up with other companies for cost savings.

- Seizing Opportunities and Prioritizing Projects***

How slow economic periods can be perfect timing for companies to self-evaluate and re-invent themselves - becoming leaner, cleaner and greener.

- Maintaining Morale***

In tough economic times, how can companies deal with declining morale as employees cope with the stress and strains of the workplace and in their personal lives.

Space in this session is limited. You must be registered for the ASC Fall Convention to participate. We will notify you in advance of the group in which you have been assigned.

If you have registered for the session and are unable to attend for any reason, kindly notify Bob Willis at (301) 986-9700 extension 104 as soon as possible. This will allow others that were unable to register to participate. Thank you for your cooperation and consideration.
