### **Caulks & Sealants Short Course**

**BETHESDA, MD (December 4, 2006)** – The Adhesive and Sealant Council (ASC) is pleased to announce its Caulks & Sealants Short Course to be co-located with the 2007 Spring Convention in Savannah, GA, from April 15-16, 2007, at the Hyatt Regency Savannah. The course is designed for entry-level chemists, application engineers, sales and marketing professionals, and other technical personnel employed by adhesive companies, raw material and equipment suppliers, and end-users. The Caulks & Sealants Short Course will cover markets, additives, processing, testing, regulation and much more. A preliminary course agenda and registration can be found at <http://www.ascouncil.org/industry/courses/caulks&sealants07.cfm>.

### **About ASC**

The Adhesive and Sealant Council (ASC) is a North American trade association dedicated to representing the adhesive and sealant industry. Incorporated in 1958, ASC is bound by the collective efforts of its members, and strives to improve the industry-operating environment and strengthen its member companies. Today, ASC members account for more than 75% of the aggregate industry revenues, exceeding some \$6 billion annually. The Council is comprised of 125 adhesives and sealants manufacturers, raw material and equipment suppliers, and industry consultants.

For more information about ASC, visit [www.ascouncil.org](http://www.ascouncil.org).
