

Table of Contents

Operating A Technical Business in a Global Marketplace

The United States and Its Position in the World Market

David Nick, DPNA International, Inc.

Workforce Trends, 2005 to 2015

Doug Reys, Franklin International

International Adhesive Technology Exchange-Developing Countries-Do it right!

Robert Forsyth, Consultant

Standards and Global Trade

James Thomas, ASTM International

Industrial Adhesives and Sealants Markets from an Entrepreneurs Viewpoint and How Does Ethics and Profitability Play Together Successfully?

Phillip Phillips, The CHEMARK Consulting Group

Technical Advances in Hot Melt Formulation and Additives

Unique Zinc-Containing Acrylated Oligomers Prove Beneficial in Radiation Curable Liquid and Hot-Melt PSAs

Deborah Smith, Sartomer Company

Metallocene Polymers for Adhesives & Sealants

Sebastijan Bach, Clariant GmbH

Hot Melt Formulation

Mouhcine Kanouni, Ciba Specialty Chemicals Corp.

Adapting Equipment to Technology I

Automation You Can Use

Michael Pearce, Reynolds Industries, Inc.

Foam-in-Place Polyurethane Seals for Polypropylene Substrates

Michael Erby, Rampf Group Inc.

Vortex Mixers

Darrel Bryant, Material Apps, LLC

Understanding and Controlling Safety in Our Industry

Electrostatic Hazards Associated with Liquid and Powder Processing

Vahid Ebadat, Chilworth Technology, Inc.

What to Expect During an OSHA Inspection

David Wilson, OSHA - Department of Labor

OSHA Law: What You Need to Know

Manesh Rath, Keller and Heckman LLP

Advances in Adhesive & Sealant Technology

Examination of Adhesive Penetration in Modified Wood Using Fluorescence Microscopy

Jermal Chandler, Forest Products Laboratory

Sealant Performance – Joint Design

Steve Walter, Trisco Systems, Inc.

The Growth of Green - Regulations and Standards

Overview of NAHB's Green Guidelines

Mark Stypczynski, Macco Adhesives

Growth of Green Building Offers Opportunity for Adhesive Manufacturers

Marilyn Black, Air Quality Sciences, Inc.

Adapting Equipment to Technology II

Specialty Mixers: New Advances in Blade Design

Doug Cohen, Charles Ross & Son Company

Evaluating Technology for Adhesive and Sealant Dispensing Systems

David Mandeville, Sealant Equipment & Engineering, Inc

Adhesive Solutions to Address Miniaturization in the Electronics Industry: Part 1

Kenneth Thompson, 3M Electronics Markets Materials Division

Adhesive Solutions to Address Miniaturization in the Electronics Industry: Part 2

Brad Smith, Liquid Control Corporation

The following authors/presenters have requested that their presentation not be included on the official CD-ROM:

Brands That Rock: What Business Leaders Can Learn from Rock 'n Roll

Roger Blackwell, Roger Blackwell Associates, Inc.

Winning on Value vs. Losing on Price: What the Leaders Do Best in the Adhesives Industry

Landy Chase, Landy Chase, Inc.

Presentation on Facility Safety

Dave Drummond, Ashland Specialty Chemical Company

High Throughput Discovery for Adhesives and Coatings

Damian Hajduk, Symyx

Leading Product Innovation

Dick Hartshorn, The ChemQuest Group, Inc.

A Novel Antioxidant for Duct Tape Adhesive

Robert Lee, Mayzo Inc.

The 5 Undelegate-able Responsibilities of Leadership

Ira Miller, Chemark Consulting Group

Presentation on Green Building

Meera Parthasarathy, Columbus Green Building Forum

Chemical Pricing Pressures: Trench Warfare, Energy, Capacity and China

Fred Peterson, Probe Economics, Inc.

Overview of U.S. Industry and Government Involvement in Greenhouse Gas Emission Reduction Efforts

Paul Rankin, Reusable Industrial Packaging Association

Misconceptions About Calcium Carbonate

Rasik Raythatha, Solvay Performance Chemicals

Overview of Selected Adhesives Projects in the Macromolecules and Interfaces Institute (MII) at Virginia Tech

Richard Turner, Macromolecules & Interfaces Institute at Virginia Tech
