

## Table of Contents

### **Success Strategies on Change & Leadership**

*Joe Healey*

### **U.S. Patents: The Lowdown on What You Need to Know**

*Joseph Manak, Greenberg Traurig LLP*

### **The Supply Chain for Liquid Products**

*Wally Klatch, Olami, Inc.*

### **Complexity Made Simple: Using a Single Software System for Adhesive & Sealant Manufacturing Operations**

*Jay Deakins, Deacom, Inc.*

### **Controlling "Utility" Costs to Improve a Company's Bottom Line**

*Michael Payne, J.D., L.L.M., Affiliated Power Purchasers International, LLC (APPI)*

### **Site Security and Plant Protection Measures**

*Dennis Hendershot, Chilworth Technology*

### **High-Efficiency Fume Control and Product Recovery System**

*Hans Tandon, APC Technologies, Inc.*

### **Quantitative Ultrasonics for Materials Characterization - A New Enabling Technology**

*Joseph Heyman, Luna Innovations*

### **SMP-based Adhesives and Sealants for the Transportation Market, Current State-of-the-Art and Future**

#### **Trends**

*Arnold van den Berg, Bostik BV*

### **Advances in Silylated Polyurethane Pressure Sensitive Adhesives**

*Roy Griswold, GE Advanced Materials-Silicones*

### **High Performance Acrylic Foam Tape - Convenience of Tape With the Strength to Replace Mechanical Fasteners**

*Greg Peterka, 3M*

**Innovative U.V. Curable Liquid Isoprene Rubber**

*Makoto Nishikawa, Kuraray Co., Ltd.*

**Water Resistant Emulsion**

*Eric Bartholomew, Avery Dennison Performance Polymers*

**European Market Update**

*Ansgar Van Halteren, RWI-Haus*

**The U.S. Adhesive and Sealant Market Versus the Rest of the World**

*Dave Nick, DPNA International*

**How to Specify a Mixer**

*Michael Pearce, Reynolds Industries, Inc.*

**Understanding High-Viscosity Mixing**

*Herman Hockmeyer, Hockmeyer Equipment Corporation*

**Continuous Processing of Adhesives & Sealants**

*Michael Elias, APV Baker*

**Modification of Hot Melt Butyl Sealants with Styrenic Block Copolymers**

*Richard Gelles, KRATON Polymers U.S., LLC*

**Using Adhesives to Advantage in Weldbonding Processes**

*George Ritter, PhD, Edison Welding Institute (EWI)*

**The Oil Accommodating Properties of Toughened Structural Epoxy Adhesives**

*Ian Stewart, Bondmaster Europe*

**Performance Enhancement of MS Polymer With The Blend of XMAP**

*Calvin Shen, Kaneka Texas Corporation*

**REACH – The New European Legislation on Chemicals**

**Impact and Consequences on the Adhesives Industry**

*Bernd Burchardt, Sika AG*

**EMICODE EC1 - Improving Indoor Air Quality by using VOC-Emission**

**Controlled Flooring Products**

*Ansgar Van Halteren, RWI-Haus*

**Supplier Performance and Scorecards**

*John Cachat, CQE, IQS, Inc.*

**The Path Forward for the Adhesive & Sealant Industry**

*John Lowry, The CHEMARK Consulting Group*

**Installing the Lean Strategy Through Lean Navigational Charts and Scorecards:  
Translating Lean Intent Into Lean Action Into Financial Results**

*Philip Kirby, Organization Thoughtware International Inc.*

**Methodology for Measuring and Defining Customer Value**

*John Barrett, Priority Metrics Group*

**Using Rheology to Develop Better Pressure Sensitive Adhesives**

*Philip Rolfe, Malvern Instruments, Inc.*

**Mexican Market Update**

*Juan Lam, ANIQ, HB Fuller*

**Efficiency Advancement for Wraparound Labeling**

*Olivier Huss, Nordson Corporation*

**Beating the Odds in Market Entry - Avoid the Pitfalls Inherent in Common  
Business Practices**

*Dan Murad, The ChemQuest Group, Inc.*

**The following speakers/presenters have requested that their presentations not be  
included on the official convention CD ROM:**

**Adhesive Bonding in the Infrastructure**

*John Lesko, MMI at Virginia Tech*

**Fracture Testing of Adhesives Including Impact**

*David Dillard, MMI at Virginia Tech*

**Strategies for Controlling Transport Costs in a Tight Market**

*Steve Hamilton and Frank Erzinger, ChemLogix LLC*

**Mechanical Properties of Nanoparticle-Polymer Films**

*Jong-Young Lee, University of Massachusetts*

**Pressure Sensitive Adhesion and the Use of Patterns to Control Adhesion and  
Release**

*Edwin Chan, University of Massachusetts*

**Ten Things Every Business Should Know About Disaster Preparedness**

*Anita Knight, Knight Star Enterprises, Inc.*

**Overview of Adhesive & Sealant Technologies**

*Darrel Bryant, Material Apps LLC*

**Overview of Adhesive & Sealant Technologies**

*Dave Dunn, FLD Enterprises*

**The Selling Process: Improving Your Sales Technique and Performance**

*Brian Waldron, National Starch & Chemical*

**How to Mind Read Your Customers**

*David Snyder, Snyder Inc.*

**New Developments in UV Curing Systems for the Converting Industry**

*Dick Stowe, Fusion UV Systems, Inc.*
