

Polyurethanes Short Course

Hyatt Regency Crown Center

Kansas City, Missouri

October 7-8, 2007

Adhesives and Sealants—Polyurethane Overview

Lisa Stephenson, BayerMaterial Science L.L.C.

Polyurethane Chemistry

Vahid Sendjarevic, Troy Polymers Inc.

Fundamentals of Adhesion Part II

Dr. James W. Rawlins, The University of Southern Mississippi

Structure/Property Relations of Polyurethane Adhesives & Sealants

Dr. James W. Rawlins, The University of Southern Mississippi

Polyurethane Hot Melts

Frank Rossitto, Bostik, Inc.

Polyurethane Construction Adhesives

Steve Lontchar, Bostik, Inc.

Polyurethane Dispersions

Jeffrey Dormish, Bayer Material Science L.L.C.

Stabilization of Polyurethane Adhesives

Yijun Ye, Ciba Specialty Chemicals Corporation

Introduction to Polyurethane Sealants

Jay Johnston, Bayer Material Science L.L.C

The following speakers have requested that their presentations not be included on the course CD ROM:

Fundamentals of Adhesion Part I
Physical Testing of Adhesives and Sealants
David Dillard, Virginia Tech

Polyurethane Application Equipment
Cheryl Whitsell, ITW Dynatec
